

Kirkham Building System, Inc.

Preliminary Floor Plan: Layout Grid

At **KBSI**, we bring over 50 years of design and construction experience to each and every project. Our work is carried out with the highest levels of planning and know-how to ensure the building you want is created to meet your expectations and ours. Our quality designs can be seen all throughout Columbus and the surrounding regions. Please use the layout grid below along with the illustrations

on the following page to begin the planning of your new **KBSI** building. Let us put our experience to work for you in completing your next project!

Building Design & Construction Since 1960

Scale: 1 square (1/8") = 1 square foot
